CHAMPIONING THOMASIAN EXCELLENCE AND INNOVATION

THE REPORT OF THE UST RESEARCH AND ENDOWMENT FOUNDATION, INC.

2017 TO 2019

CHAMPIONING THOMASIAN EXCELLENCE AND INNOVATION

Introduction

THE UNIVERSITY OF SANTO TOMAS IS ESTEEMED FOR ITS ACADEMIC

and community environment. This distinct feature of the University helps nurture Thomasians to become holistically sound in their active participation in society. In UST's earnest pursuit of wisdom, students and teachers, even employees and administrators, collectively gain a deep appreciation of the importance of compassion, commitment, and competence in everything that they do.

It has always been imperative for UST to provide Thomasians with conducive spaces for intellectual, spiritual and creative growth. Among the most effective ways to achieve this task is the production of quality research. This aspect of University life gives emphasis to the empowerment of faculty members and students, the advancement of knowledge, the promotion of global relevance, and the assurance of institutional growth.

The UST Research and Endowment Foundation, Inc. supports the University with this purpose, particularly in terms of the following objectives:

- ✦ To encourage, undertake or underwrite pure and applied research or creative work through the research chair or research program in the physical, biological, social or developmental sciences and humanities;
- ✦ To establish, create, provide, maintain, seek or devise ways and means of providing or maintaining practical training, educational/cultural research facilities and other essential services for the Foundation and the University;
- ✦ To extend technical, scientific, assistance training and instruction, financial aid/grants and to complement these by/through means of extensive and in-depth research works/studies or the extension or lending of technical assistance to similar institutions engaged in research.

The Office for Grants, Endowments and Partnerships in Higher Education is the link between the University and the Foundation. It is placed under the Office of the Rector and is supported by Foundation funds. The Office likewise provides and maintains the ways and means for attaining the objectives of the Foundation.

The support extended by the Foundation to the University includes the awarding of Professorial Chairs; Grants for Research, Thesis/Dissertation, Travel, or Scholarship; and financial assistance for Institutional and Community Development Projects.

Mission

The UST Research and Endowment Foundation, as a partner of the University of Santo Tomas, in pursuit of truth, guided by reason and illumined by faith, dedicates itself to support the generation, advancement, and transmission of knowledge and social involvement to form competent and compassionate professionals, committed to the service of the Church, the nation, and the global community.

Vision

The UST Research and Endowment Foundation envisions to aid the University of Santo Tomas to maintain the University's centuries-old tradition of excellence as a premier Catholic institution of learning in Asia, committed to the professional and moral formation of its stakeholders for social transformation.

ALC Group of Companies supports UST's programs in Humanities

The University of Santo Tomas is expected to further strengthen and continue its distinguished tradition in the field of the Humanities with the support from the family of Amb. Antonio L. Cabangon Chua, the late Philippine Ambassador to Laos.

"ALC" or "Amba," as the friends of the older Cabangon Chua fondly called him, was known to have been a devoted patron of the arts and a bighearted supporter of the Church.

On February 26, 2019, the sons of the eminent philanthropist formally established the UST-Ambassador

Antonio L. Cabangon Chua Research Award for the Humanities in honor of their father. It was done through the signing of a memorandum of agreement between the family and the University through the UST Research and Endowment Foundation, Inc. (UST REFI).

"I know that our father is smiling right now because we are continuing his noble legacy of supporting and honoring our Filipino artists," said son D. Edgard A. Cabangon, who headed the Cabangon family in the signing ceremony. "It is also opportune that we are having this program with UST

PHOTO ABOVE. Signing of the Memorandum of Agreement between the ALC Group of Companies, the University of Santo Tomas, and the UST Research and Endowment Foundation, Inc.

because our father was also very close to the Church.”

UST Rector Very Rev. Fr. Herminio V. Dagohoy, O.P., signed the agreement for the University, while the Secretary-General Rev. Fr. Jesus M. Miranda, Jr., O.P., represented the UST REFI as Director of the Office for Grants, Endowments and Partnerships in Higher Education. “Today, in this signing of the memorandum of agreement between the University of Santo Tomas and the ALC Group of Companies, we are not only supporting, but also celebrating the Humanities,” the Father Rector said. “This

partnership will push forth the Arts’ noble mission.”

Also present were: Ms. Sharon Tan, BusinessMirror and Philippines Graphic publisher T. Anthony C. Cabangon, ALC Realty Corp. and ALC Industrial and Commercial Development Corp. President D. Edward A. Cabangon, and Philippines Graphic Editor in Chief Joel Pablo Salud.

Research Award

Starting Academic Year 2019–2020, the UST-Ambassador Antonio L. Cabangon Chua Research Award for the Humanities will annually have two recipient researchers. Their research subject must be one notable Thomasian artist, who has contributed to the rich landscape of Philippine culture.

Each researcher will receive a total of PHP150,000.00 to conduct research, which must be completed within one year. Upon the completion of their research, the recipients will have to present it as a public lecture in the University, preferably during the National Literature Month in April or the National Heritage Month in May.

Very. Rev. Fr. Herminio V. Dagohoy, OP with the Chairman of ALC Group of Companies and representative of the Cabangon-Chua family, Mr. D. Edgard A. Cabangon

Metrobank Foundation establishes the Doña Victoria Ty Tan Professorial Chair in Medical Education Fund

The Doña Victoria Ty Tan Professorial Chair in Medical Education was established by the Metrobank Foundation in the UST Research and Endowment Foundation, Inc. to support the University of Santo Tomas in its endeavor to further develop, enhance and innovate its programs on medical education.

The signing of the Memorandum of Agreement for the fund was held on Feb. 14, 2019 at the Metrobank Plaza in Makati. Representing UST was Very Rev. Fr. Herminio V. Dagohoy, OP. Meanwhile, Rev. Fr. Jesus M. Miranda, Jr., OP signed for the UST Research and Endowment Foundation, Inc.

Metrobank Foundation, Inc. was represented by Mr. Nicanor L. Torres, Jr., Executive Director, and Ms. Irene D. Labitad, Assistant Executive Director. Metrobank Foundation president Mr. Aniceto M. Sobrepeña was also present in the event.

The Professorial Chair in Medical Education, which can also be awarded in the form of a research grant, aims to encourage the corps of professors and medical researchers of the UST Faculty of Medicine and Surgery and the UST Hospital to author and publish treatises and researches that introduce avant garde concepts and approaches in designated

PHOTO ABOVE: Officers of the Metrobank Foundation, led by Mr. Aniceto M. Sobrepeña, and the UST REFI leadership, headed by Very Rev. Fr. Herminio V. Dagohoy, OP

Doña Victoria Ty Tan

areas of medical education. By doing so, it is envisioned that this initiative can promote competence, excellence, social relevance, regional and global competitiveness, and efficiency of medical practices in the Philippines.

For a period of five years, commencing in 2019, ten holders of this professorial chair in medical education will deliver lectures on issues and advancements in their medical expertise. Each will receive P100,000.00 each. At the culmination of the program in 2023, a book containing all the treatises and researches will be jointly published by the University of Santo Tomas and Metrobank Foundation.

The Professorial Chair in Medication Education is named in

honor of Doña Victoria Ty Tan, the mother of Dr. George S.K. Ty, the founder of Metrobank.

Doña Victoria was a Chinese, having been born in Fujian, China on June 12, 1908. In 1946, she and her family moved to the Philippines to be with her husband Don Norberto Ty. While she was a devoted wife to her husband and mother to her children, Doña Victoria was also known to be a woman of vision and strength. She partnered intelligence with her natural business acumen in supporting and directing the family's socio-civic projects, such as the Ty Family Association and the Yong Zhun Hometown Association.

At age 98, Doña Victoria passed away on September 14, 2006.

UST holds groundbreaking ceremonies for Dr. Tony Tan Caktiong Innovation Center

The University of Santo Tomas administration has held the groundbreaking ceremonies for the UST-Dr. Tony Tan Caktiong Innovation Center, the second structure to rise in the UST Sta. Rosa Campus.

Named after one of the most celebrated entrepreneurs of the country, Jollibee Foods Corporation founder and Chemical Engineering alumnus Dr. Tony Tan Caktiong, the innovation center will be the hub of discoveries and inventions in new home of Thomasians in Southern Luzon.

The structure, which is expected

to be operational by the first quarter of 2022, was made possible through the generous donation of Tan Caktiong to the UST Research and Endowment Foundation, Inc

Vice Rector Fr. Isaias D. Tiongco, OP, said that consistent with the vision of the UST Sta. Rosa campus, the new innovation center will be a step in the right direction toward the goal of bringing Thomasian education to a greater number of Filipinos.

The center, Tiongco said, will help UST to be “ready to meet challenges brought about by changing tides in education.”

PHOTO ABOVE. Diorama of the Dr. Tony Tan Caktiong Innovation Center currently being built at the Sta. Rosa, Laguna campus of the University of Santo Tomas

“UST cannot afford to stay put and be content with the way things are. We have to traverse similar trajectories as our counterparts abroad and even go beyond parameters to make education similar to new models, if not more advanced,” he added.

The Vice Rector for Research and Innovation, Maribel G. Nonato, said that the new innovation center will be “bringing research back to society,” which is among the advocacies of Fr. Herminio V. Dagohoy, OP.

“In 2019, we launched the DOST-TomasINNO Center, which is a smaller version of the center we will have here. This is a good first step in making the UST Sta. Rosa UST’s innovation-driven campus.”

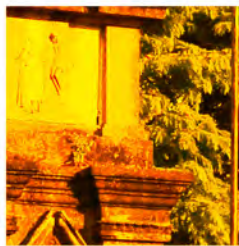

Nonato also hailed the project as a good example of alumni partnerships that UST has, calling the center as “a Thomasian leader’s dream fulfilled by a Thomasian alumnus’s aspirations.”

Jollibee Foods Corporation Chairman, Dr. Tony Tan Caktiong, said that the innovation center recognizes the critical role that innovation plays in economic growth, which should be “smart, inclusive, and sustainable.”

Reflecting on his own journey as an entrepreneur, Tan Caktiong said that “some of the most important lessons were learned through failures,” which he recognized as inevitable but should never deter the Thomasian community from achieving our collective goal of embodying the Thomasian core values.

The three-storey structure was designed by Casas+ Architects, whose CEO, Ar. Carmelo Casas, said that the design’s philosophy paid homage to UST’s timelessness. As such, the building, which will use state-of-the-art technology and materials, will be a flexible edifice whose features are adaptable and sustainable.

Dr. Tony Tan Caktiong and
Very. Rev. Fr. Heminio V. Dagohoy, OP

EMPOWERING THOMASIAN EXCELLENCE

The Professorial Chair

Two faculty members, one from the Ecclesiastical Faculties and one from the College of Engineering, became professorial chair holders for the fiscal years 2017 to 2019. Fr. Michael A. Mascari, O.P. received the Gerardo Rocha-UST Chile Professorial Chair in Ecclesiastical Studies and Bioethics. While Assoc. Prof. Angelo R. dela Cruz, Ph.D. received the Fr. Roque Ruaño Professorial Chair in Engineering for his lecture entitled “Development of Normative Filipino Gait Kinematic Database using 3D Motion Capture.”

Professorial Chair Holders

| Grantee | College / Faculty | Professorial Lecture/Publication | Date and Venue | Funding Source(s) | Amount |

| Fr. Michael A. Mascari, O.P. | Ecclesiastical Faculties | “Here We Stand: The Intellectual Patrimony of the Middle Ages” “Voices Past and Present: A Joint Search for Meaning, Purpose and Truth” | March 7-8, 2019 UST Martyr’s Hall, Ecclesiastical Faculties, University of Santo Tomas, España Blvd., Sampaloc, Manila | Gerardo Rocha-UST Chile Professorial Chair in Ecclesiastical Studies and Bioethics/Non-Funded Research and Special Project Fund | USD 3,065.61 |
| Assoc. Prof. Angelo R. dela Cruz, Ph.D. | Faculty of Engineering | “Development of Normative Filipino Gait Kinematic Database using 3D Motion Capture” | April 29, 2019 2:00PM Medicine Auditorium | Fr. Roque Ruaño Professorial Chair in Engineering | PHP 50,000.00 |

Dean of Aquinas Institute of Theology, USA delivers professorial lecture in UST

Dean of Aquinas Institute of Theology, USA delivers professorial lecture in UST

The conference on Medieval Philosophy that was held at the Martyrs' Hall at the Ecclesiastical Faculties, UST on March 7 and 8, 2019 was significant in more ways than one. The conference, held in commemoration of the 475th Death Anniversary of Saint Thomas Aquinas, was the first conference organized by the Faculty of Philosophy Students' Forum (FPSF) on the topic. It was also within this conference that the Gerardo Rocha- Universidad Santo Tomás Chile Professorial Chair in Ecclesiastical Studies and Bioethics for Academic Year 2018-2019 was awarded.

Fr. Michael Mascari, O.P., the former Socius to the Master of the Order of Preachers for the Intellectual Life and currently the Academic Dean of Aquinas Institute of Theology in Saint Louis, Missouri, USA, received the award from UST Vice Rector and Faculty of Philosophy Dean Rev. Fr. Richard G. Ang, O.P., Ph.D., and UST Secretary General Rev. Fr. Jesús M. Miranda, Jr., O.P., Ph.D.

This was the first time that the Gerardo Rocha-UST Chile Professorial Chair in Ecclesiastical Studies was awarded in the University. The Gerardo Rocha-Universidad Santo Tomás

Professorial Chair in Ecclesiastical Studies and Bioethics was endowed by Gerardo Rocha Vera in 2001 in the UST Research and Endowment Foundation, Inc. The donor was Founder-President of the UST Chile, and Co-Founder of the International Council of Universities of Saint Thomas Aquinas, which is now known as the ICUSTA.

The late Dr. Rocha, who was an honorary consul of the Philippines in Chile, had once served as Director of the Chile-Russia Chamber of Commerce. He was member of Spain's Fraternity of Crusaders of Mary, and an active participant in international gatherings, such as the Catholic Congress on Public Life in Madrid and the Inter-Religious Encounters in Barcelona.

Meanwhile, his brainchild, the ICUSTA is an international association of Catholic institutions of higher learning that faithfully adhere to the

ideals and teachings of the Angelic Doctor St. Thomas Aquinas. The main purpose of the international organization is to encourage cooperation and collaboration, and international understanding among its members.

Since 1995, after its convention at the University of St. Thomas in Houston, Texas, the ICUSTA has expanded its membership to 29 institutions from Argentina, Australia, Canada, Chile, Ethiopia, France, Ireland, Italy, Mozambique, South Sudan, Spain, Taiwan, the United States of America, Zimbabwe, and the Philippines.

It has had biennial meetings that had been held in host institutions across continents. To note, two international ICUSTA meetings have been held at the University of Santo Tomas, Manila: first, in 1997, and second during the Quadricentennial celebration in 2011.

Engr. Angelo dela Cruz
honored with Fr. Roque
Ruaño Professorial
Chair in Engineering

Engr. Angelo dela Cruz honored with Fr. Roque Ruaño Professorial Chair in Engineering

The University of Santo Tomas conferred the Fr. Roque Ruaño, O.P. Professorial Chair upon UST Faculty of Engineering faculty member Assoc. Prof. Angelo R. dela Cruz, Ph.D., in recognition of his expertise in electronics engineering. The solemn investiture was held at the UST Medicine Auditorium.

The Fr. Roque Ruaño, O.P. Professorial Chair, named after the engineer-architect of the earthquake-resistant UST Main Building that was constructed in 1927, was first established in 1984. Intended to continuously improve the teaching and research competencies of the faculty members in the Faculty of Engineering, the professorial chair was also created

to rightfully honor one of the most prominent alumni of the Faculty.

A licensed Professional Electronics Engineer, the recipient, Dr. dela Cruz is an active member of the Institute of Electronics Engineers of the Philippines, the Professional Regulation Commission Accredited Professional Organization for Electronics Engineers. He is an active professional member of the Institute of Electrical and Electronics Engineers and has served as an officer for three years in the IEEE-Philippine Section. He is also a member of the National Research Council of the Philippines under Information and Communications Technology Division.

As a Resident Researcher at the UST Research Center for the Natural and Applied Sciences, Dela Cruz's

The Certificate and Professorial Chair Medal were presented to the conferee by the Secretary-General Rev. Fr. Jesús M. Miranda, Jr., O.P.,

primary research interests include: image and video processing, coding, compression, and communication. Dela Cruz has presented and published notable research papers in prestigious international conferences and high impact factor publications. He received a number of national and international best paper awards in the area of Digital Signal Processing for Communications and for Digital Health.

The ceremonies opened with the invocation by Faculty of Engineering Regent Rev. Fr. Roberto L. Luanzon, Jr., O.P., followed by the Welcome Remarks by Engineering Dean Prof. Philipina A. Marcelo, Ph.D.

The Certificate and Professorial Chair Medal were presented to the conferee by the Secretary-General Rev. Fr. Jesús M. Miranda, Jr., O.P., assisted by the Vice Rector for Academic Affairs

Prof. Cheryl R. Peralta, DrPH.

After the recipient delivered the Address of Acceptance, he delivered the professorial chair lecture, titled “Cloud-Based Digital Health System.”

“Cloud-Based Digital Health System,” according to Dela Cruz will be the culmination of the several projects from the collaboration of the

The ceremonies opened with the invocation by Faculty of Engineering Regent Rev. Fr. Roberto L. Luanzon, Jr., O.P., followed by the Welcome Remarks by Engineering Dean Prof. Philipina A. Marcelo, Ph.D.

Electronics Engineering Department of the Faculty of Engineering, Faculty of Medicine, College of Rehabilitation Sciences, UST Hospital, and funded by the DOST Philippine Council for Health Research and Development (PCHRD). Particularly, I have discussed an alternative Quantitative Gait Kinematic Assessment for Post-Stroke Rehabilitation using 3D Motion Capture System and Inertial Measurement Unit (IMU),” he stressed.

Describing his study further, Dela Cruz said that “The alternative set-up is an AI (artificial intelligence)-based rehabilitation assessment of post-stroke hemiplegic patients. It assesses the symmetry of their walking gait kinematics thru wearable sensors (inertial measurement units or IMU) and 3D motion capture. The machine

interprets these data acquired from these sensors. It helps the clinicians consolidate and measure various gait parameters especially the symmetry.”

When asked how long it would take to complete the research study, Dela Cruz explained that, “Our vision is the Cloud-Based Digital Health System, where the end-user (patients and/or clinicians) can use the app or website for self-monitoring and self-assessment for prevention of serious illness. As of now, the team has completed the AI-based rehabilitation assessment of post-stroke patients using wearable sensors. On-going projects aside from the mentioned Gait Assessment includes measurement of foot-plantar pressure distribution (sole or ‘talampakan’) for prevention of foot-ulceration among diabetic patients, and sweat-sensor project which basically analyzes the composition of human sweat to measure hydration and glucose (blood sugar) but in a non-invasive method.

Thesis/Dissertation Grants

Bringing research at the forefront of its mission, the fiscal year 2017-2019 for the OGEP proved to be a period of further development to the field. With twenty five researchers on its roster, the office has secured the university's place in the country as a top producer of knowledge. Research produced during this year ranged all across the sciences: from the natural sciences and applied sciences, to the social sciences and religion.

Studies conducted by the researchers from the College of Nursing, College of Science, and College of Rehabilitation Sciences yielded outcomes that would prove to be impactful in the field of healthcare. For instance, the separate studies conducted by Gian Carlo S. Torres, Maria Corazon S. Olayres, Earl Francis R. Sumile, and John Micko

Pazcoguin highlighted the importance of readiness, empowerment, and the diminishing of aggression and depression level on patients and/or health care recipients. Healthcare providers and educators on the other hand was the subject of the studies conducted by Susan M. Maravilla and Ma. Socorro S. Guan Hing, who were recipients of the research grant as well.

In the field of applied sciences, two methods were introduced by Edison A. Roxas (College of Engineering) in his study in order to push forth an advancement on Vision-Based Target Detection. While Ginavee F. Dapula, from UST-AMV College of Accountancy, placed a focus on the school leaders of selected Parochial Schools in Manila in order to apply and emphasize the importance of particular leadership models in such institutions, with the end being a more positive

overall job satisfaction of its leaders.

Another noteworthy highlight during the fiscal year 2017-2019 was the equal, if not better, emphasis placed on the research from the fields of social sciences and humanities. The Faculty of Arts and Letters alone had a total of seven scholars supported by the Office of Grants. Their studies focused mostly on the further advancement in the fields of literature, history, and philosophy, as what Veronico N. Tarrayo, Raniel SM Reyes, and Emmanuel C. De Leon expounded upon on their different outputs. Two scholars from the Conservatory of Music received research grants as well

for their pioneering works on the Paawitan (Cynthia C. Afable) and the music of the nineteenth century urban colonial Manila (Maria Alexandra Inigo Chua). Researchers from the College of Commerce and Business Administration, College of Education, and the UST Senior High School also received funding for their works on education and law.

The OGEP also ensured a holistic approach to dissertation funding by providing support to three scholars from the Institute of Religion. Placing importance on faith, education, and the Catholic mission, Chito M. Sawit, Ma. Sanita Quilatan, and Mary Erika Bolanos provided valuable insights on how catechism is and should be relevant to the present times in their respective studies.

The breadth of these studies the diversity, astuteness, and contemporaneity speaks volumes about how knowledge produced by an institution is dependent not only on the scholars but on how the institution itself provides the necessary support for its production of knowledge. An aspect that, with the continuous support of the donors, had been rigorously monitored by the OGEP for the fiscal year 2017-2019, and will be observed for all the fiscal years to follow.

"The Founder" by Paul Quiambao

Travel Grants

With twenty-seven travel grants funded during the fiscal year 2017 to 2019, the UST Office of Grants ensured that the knowledge produced by its scholars didn't settle on the place where it began. Through the office's support, scholars were sent from here to abroad, and at one point, from another to country and onto the university. Their studies and papers were presented to other institutions of learning in different continents. From Asia to Europe, from North America to Australia. And besides being presenters of their own cutting-edge research, certain scholars were also sent abroad in order to make sure that their alma mater, and their motherland, was well-represented in various international conferences and intellectual gatherings.

Scholars from the College of Science as well as from the Research Center for the Natural and Applied Sciences were funded by the office for their paper presentation in Vienna, Austria. The outcomes of their studies on carbon-based electrode, aptamer biosensor and gas chemiresistor were presented in the International Meeting on Chemical Sensors (IMCS 2018). Another scholar who was provided with a travel grant to a European country was Jove Jim Aguas, from the faculty of Arts and Letters, who became a keynote speaker in the International Conference on Religion and Secularization, which took place in Romania.

Three sets of travel grants were provided as well for scholars to present their paper in the land down under. Scholars from the different

departments of the College of Science attended the 17th Asian Chemical Congress and RACI Centenary Congress in Melbourne, Australia for their work on Physics and Chemistry. While two students from the College of Tourism and Hospitality Management presented their research outputs for their separate work on the field of education and internship framework in the International Centre of Excellence in Tourism and Hospitality Education (THE-ICE) in Melbourne as well.

Thomasian scholars were also able to expose their work to respected institutions in North America. Leah Dela Rosa, from the College of Architecture, presented her study on how resiliency reflects the adaptive culture of the Filipinos on the International Network for Tropical Architecture in Florida, USA. Arvin D. Eballo also became a recipient of the travel grant as a research fellow for the Indiana University Bloomington. Up north in Toronto, Canada, Clarence M. Batan presented his research on the sociological aspects of the Filipino culture during the World Congress of Sociology.

With more than half a dozen countries visited by Thomasian scholars, the Asian region proved to be a cradle for the university's output. In South Korea alone, six sets of travel grants were awarded to scholars from the College of Rehabilitation Sciences,

Faculty of Pharmacy, Faculty of Arts and Letters, and the Ecclesiastical Faculties. Their works ranged from the subjects of populism, cultural criticism during the pre-Pacific war years, and advancements in the field of pharmacy. The office of Grants also awarded three sets of travel grants for researchers who presented their papers in Japan, and another three for those who presented in Malaysia. Thomasian researchers were also sent to Thailand, Vietnam, Hong Kong, and China for their innovations in the field of biomedical sciences, information technology, food industry, and the economics of education.

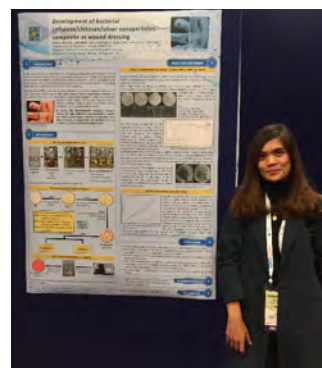

With the scope and the destination to which these studies are presented to, a certain future is more than possible. A future where knowledge is produced not for the sake of mere production, but for the betterment of one's own country, and eventually, the different regions that make up the global community.

Scholarship Grants

A total of Two Thousand Five Hundred Seventy-Two (2,572) scholarship grants were awarded to students of the different faculties/colleges/schools of the University of Santo Tomas in Academic Years 2017-2018 and 2018-2019.

All the best, thank you for all the support and love!

May God may continue to bless and use your Foundation to be a beacon of light for students, who are deserving but financially incapable.

Angelo Lance A. Torres
BS Secondary Education
Cum laude

The support and trust I received from UST fueled me to work hard and do my best in graduate school. Now, I've completed my studies under the supervision of Prof. Rey Donne S. Papa of the University of Santo Tomas and Assoc. Prof. Noboru Okuda of the Research Institute for Humanity and Nature, Japan.

Elfritzson M. Peralta, M.Sc.
MS Biology
Summa Cum Laude

I am so proud that I could graduate cum laude from one of the top universities in the Philippines, especially from the University of Santo Tomas, which has more than four hundred years of history as a Catholic university.

Sr. Jingye Zhan
BS Secondary Education
Cum laude

The scholarship, established by Mr. and Mrs. David and Josefina Gardinier in UST, served as one of my steppingstones in achieving my dreams and it is one of the reasons I will be able to carry out my passion in teaching.

Shamaiah Niña Tangpuz
BS Secondary Education
Cum laude
